About the Book

Introducing the definitive guide to gold coins of the United States: the "Encyclopedia of Gold Coins 1795-1933". This meticulously compiled volume offers an unparalleled exploration into the captivating world of numismatics.

With over 3,000 pages spanning two volumes, our encyclopedia provides an exhaustive overview of every gold coin issued by the United States Mint between 1795 and 1933. Each coin is meticulously described, providing detailed information on its design, mintage figures, rarity, and current market value.

Key Features

- **Comprehensive Coverage:** Includes every gold coin issued by the United States Mint from 1795 to 1933.
- **Detailed Descriptions:** Each coin is described in-depth, including its design, weight, diameter, and metal content.
- **Mintage Figures:** Provides mintage figures for each coin, indicating its rarity and collector appeal.
- **Current Market Values:** Offers up-to-date market values for each coin, allowing collectors to stay informed about their investments.
- **Expert Insights:** Written by renowned numismatic experts, the encyclopedia provides valuable insights into the history, design, and significance of each coin.

Benefits for Collectors

- **Enhance Your Knowledge:** Acquire a deep understanding of the history, design, and value of gold coins.
- **Identify Rare Coins:** Learn to identify rare and valuable gold coins, maximizing your collection's potential.
- **Make Informed Decisions:** Access current market values and expert insights to make informed decisions while buying or selling coins.
- **Protect Your Investment:** Stay updated on the latest market trends and ensure that your collection remains a valuable asset.
- **Experience the Thrill of Collecting:** Dive into the captivating world of numismatics and experience the thrill of collecting these timeless treasures.
