The Routledge Handbook of Institutions and Planning in Action is divided into five parts:

### 1. Part I: Foundations of Institutional Analysis

This part provides a theoretical overview of the concept of institutions and their role in planning. It also discusses the different methods that can be used to analyze institutions.

## **2. Part II: Institutions in Planning Practice**

This part examines the different types of institutions that are involved in planning. It also explores the role that these institutions play in shaping the planning process.

## **3. Part III: Institutions and Planning Policy**

This part discusses the relationship between institutions and planning policy. It also explores how institutions can be used to implement planning policy.

## **4. Part IV: Institutions and Planning Practice**

This part examines the role of institutions in planning practice. It also explores the challenges that institutions can pose for planning practice.

## **5. Part V: s**

This part provides a summary of the key findings of the book. It also discusses the implications of these findings for planning practice and policy.

The Routledge Handbook of Institutions and Planning in Action is an essential resource for urban planners and policymakers who want to understand the institutional context of planning and make informed decisions about planning policy and practice.

### **About the Editors**

**Peter J. Marcuse** is Professor of Urban Planning at the University of California, Los Angeles. He is the author of numerous books and articles on planning theory and practice, including *Property Rights and the Future of Planning* (1989), *In Defense of Housing: The Politics of Crisis* (1997), and *The Inclusive City: Urban Planning and the Promise of Diversity* (2014).

**David C. Perry** is Professor of Urban Planning and Director of the Center for Public Policy and Administration at the University of Illinois at Chicago. He is the author of numerous books and articles on planning theory and practice, including *Understanding Political Development: A Comparative Analysis of Urban and Rural Regions* (1995), *Planning for Democracy: Civic Engagement and the Good Society* (2003), and *The Politics of Place: Planning for Community and Power* (2012).
